Regatta Mini Pendant

By Currey & Company

Description

Natural Capiz shell and wrought iron in a Cupertino finish create a luminous circular pattern on the shade of the Regatta Mini Pendant. The cylindrical pendant has such a pleasing glow when light shines through the lustrous shade. There is great artistry in achieving such a complex pattern, as each slice of shell has to be surrounded in metal and soldered into a frame once the metal circles are joined to each other. The canopies of the shell pendants in this collection are luminous in a painted silver finish.
