Regatta Multi Light Linear Pendant

By Currey & Company

Description

Natural Capiz shell and wrought iron in a Cupertino finish create a luminous circular pattern on the shades of the Regatta Multi Light Linear Pendant. The cylindrical element has such a pleasing glow when light shines through the lustrous natural material. There is great artistry in achieving such a complex pattern, as each slice of shell has to be surrounded in metal and soldered into a frame once the metal circles are joined to each other. The canopies of the shell pendants in this collection are luminous in a painted silver finish. Note: Requires junction box for fixtures weighing over 50 pounds.
