Tiny Hook

By Merkled Studio

Description

The modern Tiny Hook is designed for commercial and residential spaces, although not so tiny, the hook is a smaller option of the regular Coat Hook. Perfect for hanging smaller items like hand towels or anything at all. The low profile design also enables them to be hung behind doors. The strength relies on one slight bend in the arm of the hook. Weight bearing capacity of 25lbs when proper anchors are used. Note: Colored hooks are made of aluminum.

Shown in stainless steel
