DESCRIPTION

The Element 4IN Pro Series Adjustable LED Housing for square flangeless trims is a versatile fixture suitable for a variety of new construction uses. The housing is available in IC Airtight, Non-IC Airtight, Chicago Plenum, or Chicago Plenum Non-IC Airtight with an emergency backup battery. Lockable, tool free aiming allows the light to be angled up to 40 degrees and rotated 360 degrees. Light sources are available in a variety of static white color temperatures, 3000K-1800K Warm Dim, or 2700K-5000K Tunable White, as well as 18, 25, 40, or 60 degree beam spreads, to provide the perfect lighting for any application. Static White and Warm Dim housings include a Universal 120-277V driver, dimmable with standard reverse-phase, forward-phase, TRIAC, and 0-10V dimming. The Tunable White housing include a eldoLED 120-277V driver, dimmable with 0-10V dimmers only. Note: A complete fixture requires a housing and flangeless trim, sold separately.

Shown in: Black Powder Coat

SHADE COLOR	N/A
BODY FINISH	Black Powder Coat
