E4 Pro 4IN SQ ADJ Flangeless Adjustable Wood Ceiling Housing

By Visual Comfort Architectural

Description

The Element 4IN Square Pro Series Flangeless Wood Ceiling Adjustable LED Housing for square flangeless trims is a versatile fixture suitable for a variety of new construction uses with wood ceilings. The housing is available in IC Airtight, Non-IC Airtight, Chicago Plenum, or Chicago Plenum Non-IC Airtight with an emergency backup battery. Lockable, tool free aiming allows the light to be angled up to 40 degrees and rotated 360 degrees. Light sources are available in a variety of static white color temperatures, 3000K-1800K Warm Dim, or 2700K-5000K Tunable White, as well as 18, 25, 40, or 60 degree beam spreads, to provide the perfect lighting for any application. Static White and Warm Dim housings include a Universal 120-277V driver, dimmable with standard reverse-phase, forward-phase, TRIAC, and 0-10V dimming. The Tunable White housing includes a eldoLED 120-277V driver, dimmable with 0-10V dimmers only. Note: A complete fixture requires a housing and flangeless trim, sold separately. This housing accommodates square, flangeless trims in wood ceilings only.
