Verse 3IN Sloped New Construction IC Airtight Housing 2-Pack

By Visual Comfort Architectural

air
TIGHT

Description

The Verse 3 Inch Sloped New Construction IC Airtight Housing offers a recessed lighting solution for residential, multi-family and hospitality applications that is cost-effective yet high-quality and aesthetically pleasing. An LED light module and driver are integrated as part of the housing, and the color temperature options are 2700K and 3000K. Dimmable with reverse phase, forward phase, and TRIAC dimming down to 2% to 4%. The housing is 5.2 inches high, ideal for shallow plenums. It is optimized for a 22.5 degree slope but works with a broad range of ceiling pitches. Note: A complete fixture requires this housing and a trim (round or square), sold separately.
