

BRAND Fatboy USA

DESCRIPTION

The Flying Carpet Outdoor Rug will add a comfortable and stylish layer to any outdoor setting. The top of the Flying Carpet is crafted from durable recycled polyester that is dirt and water repellent, as well as UV-treated to resist fading. A layer of foam provides comfort even on rough outdoor surfaces, and a non-slip backing helps hold the Flying Carpet in place. Buttons along the edges allow multiple carpets to be connected together to cover a larger area. Mix and match from a variety of bold patterns to create a striking display in the garden, at the beach, or by the pool.
