Mariolina Mono Chair By Magis

Description

The Mariolina Mono Chair recalls the fifties-style, but features a series of extra details. The legs in powder coated steel tubes are in fact slimmer and more precise in section. The polypropylene seat and back are not screwed or riveted to the frame, but instead attached using a series of molded ribs that grip the metal frame on the rear of the seat and back. Mariolina is stackable up to 12 pieces.

Shown in white
