Voido Rocking Chair

By Magis

Description

Created by Ron Arad, one of the biggest designers in the international arena, with his masterfully unconventional style, the Voido Rocking Chair is a rocking chair that looks like a piece of contemporary sculpture, but is made using industrial technology capable of producing large yet light shapes: rotational-molded polyethylene. Voido's sleek, ergonomic volumes welcome the body in a flowing embrace, but its seeming simplicity hides considerable complex research and engineering. Suitable for indoor/outdoor use. Note: Glossy Black option not suitable for outdoor use.
