Suprematic Pendant

By Noom Home

CE

Description

The Suprematic Pendant possesses a geometric design inspired by Suprematism, an early twentieth century art movement that explored the beauty of simple, abstract forms. This artistic sensibility is reflected in the pendant's cylindrical shape which is accented with intersecting metal discs. The discs provide a decorative touch, and their asymmetrical arrangement creates a sense of movement as the pendant is viewed from different angles. Includes canopy in matching finish and 118.1 inch field cuttable cable.
