Yermilov Vase

By Noom Home

Description

The Yermilov Vase possesses a geometric design inspired by Suprematism, an early twentieth century art movement that explored the beauty of simple, abstract forms. This artistic sensibility is reflected in the vase's cylindrical shape which is accented with intersecting metal discs. The discs provide a decorative touch as well as serving as dividers and holders for flowers. Whether housing a floral arrangement or standing on its own, Yermilov will elevate any interior with its sculptural presence.
