Lavengro Chandelier

By Currey and Company

Description

The Lavengro Chandelier is a layered design with a tremendous amount of charm. Wrought-iron discs in varying sizes are stacked in meandering patterns to make up the shade. The contemporary gold leaf finish on the discs and the central bar to which these are fastened gleam warmly whether the lights are switched on or not. This modern design by Clarence Mallari is innovative, as well, as it is lit by integrated LED technology.

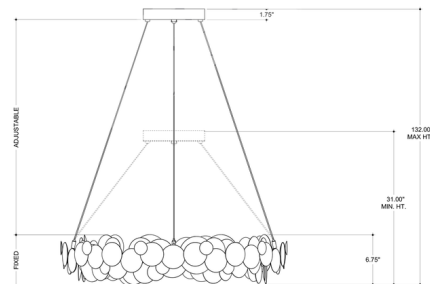

Shown in contemporary gold leaf
