## Planisphere Ceiling Light

By Currey and Company

### Description

The heavenly profile of the Planisphere Ceiling light, which has a very low profile at a mere four inches from the ceiling, was envisioned by Ian Thornton. He was inspired by mid-century modern wall decor, though he brought a contemporary feel to the classic style. The beveled circlets, which are made of frosted glass, fit seamlessly into the spokes in a silver leaf finish. This silver ceiling light glows with integrated LED technology.

Shown in silver leaf / white

### Specifications
