## Ellipse Floor Lamp

By hollis+morris

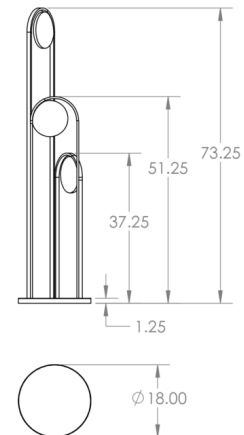

### Description

The curvilinear shape of the Ellipse Floor Lamp is inspired by the moon's elliptical orbit around Earth. A trio of frosted acrylic discs illuminated by integrated LEDs evoke the image of the moon in its gibbous phase as it enters and exits the full moon. Ellipse's interesting arrangement of simple shapes creates an attention-grabbing fixture with a sculptural presence. Includes 24V DC, phase-dimmable driver. On/off switch located on cord.

Shown in brushed brass / frosted

### Specifications
