WU Wall Sconce

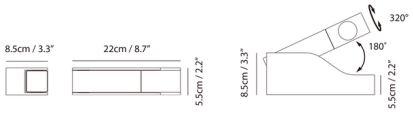

By Seed Design

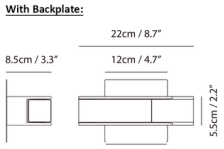

Description

The WU Wall Sconce offers the utmost functionality in a modern, compact form. The arm rotates 180 degrees and the head rotates 320 degrees for ultimate flexibility in adjusting light direction. Serving as both ambient and task lighting, the WU is perfect as a bedside lamp or office light. Dimmable with a TRIAC dimmer. An optional 4.7 inch square backplate is included for mounting on a standard US junction box. There is no switch on the sconce itself; it requires an external wall switch for on/off/dimming.

Shown in champagne gold / matte black
