Lumiere 30th Table Lamp

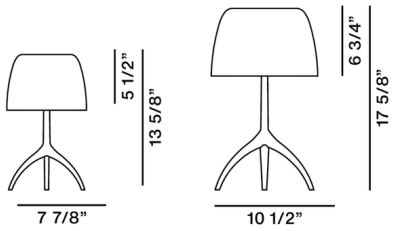

By Foscarini

Description

The Lumiere 30th Table Lamp is a design icon, distinguished by its harmonious combination of a gleaming mouth-blown cased glass shade and slim, curved tripod base. The base is crafted out of die cast aluminum that has been hand finished, polished and liquid coated, and it sits on anti-scratch silicone feet. Commemorating the 30th anniversary of the Lumiere, these Pastilles and Bulles editions feature beautifully patterned glass. The Pastilles has a quilt-like surface created by blowing the glass into a diamond-patterned mold, while for Bulles the mold has spikes to create air bubbles that settle between the layers of glass. Diffused light shines out through the shade, providing warm ambient illumination. The Lumiere is a reimagining of the classic table lamp, presenting modern elegance that elevates any space. On/off switch on cord.

Shown in champagne / pastilles

Specifications
