Lumiere Nuances Table Lamp

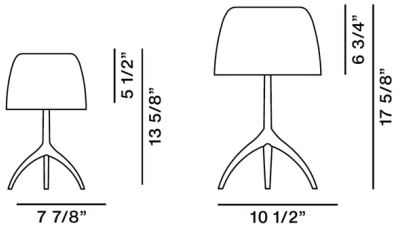

By Foscarini

Description

The Lumiere Nuances Table Lamp takes on an earthy monotone look with its gleaming mouth-blown cased glass shade and matching slim tripod base. The base is crafted out of die cast aluminum coated with opaque liquid paint and sits on anti-scratch silicone feet. When turned on, the shade becomes a lighter tone as it gives off a diffused light, providing warm ambient illumination. A reimagining of the classic table lamp, the Lumiere is a refined contemporary piece that elevates any space. On/off switch on cord.
