HIRO Control with WiFi Receiver for Indy

By Hinkley Lighting

Description

Add a remote control and turn your Hinkley Indy downrod ceiling fan into a smart fan, with this HIRO control and WiFi receiver. The wireless HIRO control incorporates WiFi and RF technology and can be used to control motor on/off and 4 speeds. It can be wall-mounted or hand-held. A face plate and cradles are included, and the remote fits in standard decorative style face plates. A manual on/off switch is also included. Another option is to use the Hinkley app on your phone or other smart device. In addition to the basic functions, the app offers timers, breeze mode and other advanced features. It can also integrate the fan into smart home tech such as Google, Amazon Alexa, and Siri for convenient voice control. The receiver fits in the fan canopy.
