Malmo Technic Sideboard

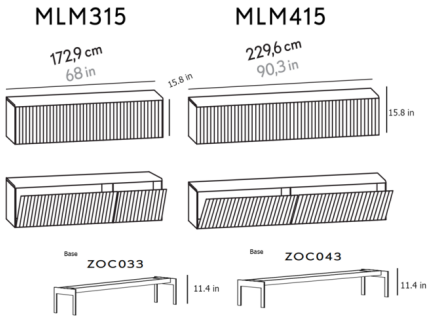

By Punt Mobles

Description

Mario Ruiz's Malmo Technic Sideboard lets you discover, as speleologists do, the space where the sideboard collection gathers different layers of different materials. Precious materials arise from the delicate wooden curves and become the main players. The sideboard features steel legs holding up a walnut body and texturized drop down-doors. The doors include 1 small door and 1 large door or 2 large doors.

Shown in black / walnut
