## Chicago Glass Doors Sideboard

By Punt Mobles

### Description

Inspired by the modernist architecture and the unobstructed repetitive building techniques known from the mid century, the Chicago cabinet collection stands as a tribute to this particular architectural period. With its light and floating appearance the Chicago Glass Doors Sideboard almost appears as a piece of modern architecture itself. The elevated solid steel construction gives stability and structure while the floating wooden cabinet adds the spatial impression. The Marquina Silestone tabletop, functioning as a floating roof with its extended eaves, completes the minimalistic framework combining three simple natural materials; wood, steel and stone. Inside of the glass doors sits an LED strip. The internal lighting can switch on / off when one door is opened / closed, or when it is movement activated with the foot from the underneath of the sideboard metal frame.

Shown in black / marquina / walnut / clear

### Specifications

COLOR	Marquina / Walnut / Clear
BODY FINISH	Black
WATTAGE	N/A
DIMMER	N/A
DIMENSIONS	90.551"W x 29.528"H x 20.472"D
INTEGRATED LED MODULE	N/A
