Aperture Pendant

By Seascape

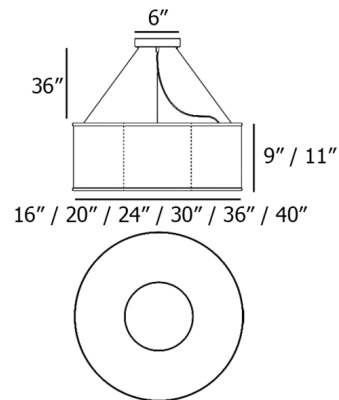

Description

The Aperture Pendant offers a modern take on the classic drum pendant with a double walled shade that creates an opening in the center of the pendant. A ring-shaped acrylic diffuser covers the bulbs to provide glare free illumination from above. Aperture's shape will create a dramatic display of light, especially when grouped in a cluster of various sizes and heights. Note: Title 20 and 24 compliant when used with approved light bulb. The Photo Veneer color options feature a wood grain pattern printed on fabric.

Shown in nickel / zebrawood photo veneer
