Merced Wall Light By Troy Lighting

Description

A cylindrical matte white acrylic shade is capped by Patina Brass on the top and bottom giving this streamlined Merced Wall Light a fuse-like look and a jewelry-inspired industrial edge. A closer look reveals a subtle asymmetry in how the LED tube is held in place, sparking visual interest. In the bath, mount Merced horizontally above a mirror or place a pair vertically on each side. Dimmable via Triac and electronic low voltage (ELV) dimming. Note: This fixture does not mount to a standard junction box - a 2x4 inch junction box is required.

Specifications
