DESCRIPTION

Sculptural and sophisticated, the Alameda Wall Light's forged iron body flows from its weighted metal base, bending and intertwining into a lightweight, tapered paper shade. A beautiful juxtaposition of material and form. Alameda plays with shape and negative space for a chic addition to a reading nook or bedside table. Can be used as a plug-in or a hardwire installation. On/off switch on backplate. Note: This fixture does not mount to a standard junction box - a 2x4 inch junction box is required when hardwired.
