Z-Bar Gen 4 Wall Light

By Koncept Lighting

Description

The Z-Bar Gen 4 Wall Light is defined by its sleek, minimalist silhouette, a perfect addition to a contemporary office or other work area. Its iconic, highly flexible three-bar design is improved in Gen 4, with hidden joints for a cleaner profile and greater articulation. Each arm segment has a wide range of motion, and the head rotates 360 degrees and spins 360 degrees for further finetuning of light direction. The lamp can also collapse into a stick when not in use. The LED module and improved optics provide bright lighting with minimal harsh shadows. Brightness level can be adjusted and the light can be turned on/off using the touchstrip dimmer on the lamp head. This lamp is environmentally friendly, with its low power consumption, fully recyclable aluminum construction, and use of water-based paint. Choose from three mount options: hardwired wall mount, plug-in slatwall mount, or plug-in wall mount.

Specifications

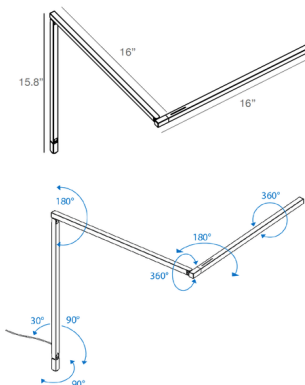

COLOR	N/A
