Z-Bar Mini Gen 4 Desk Lamp

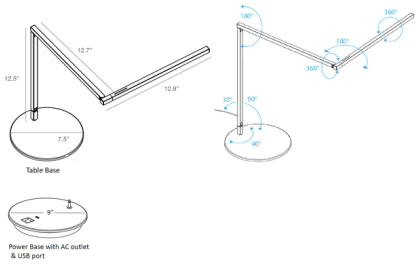

By Koncept Lighting

Description

The Z-Bar Mini Gen 4 Desk Lamp is defined by its sleek, minimalist silhouette, a chic addition to a contemporary office or other work area. Its petite size suits smaller spaces, and the finish options offer neutral tones or bright pops of color. The Z-Bar's iconic, highly flexible three-bar design is improved in Gen 4, with hidden joints for a cleaner profile and greater articulation. Each arm segment has a wide range of motion, and the head rotates 360 degrees and spins 360 degrees for further finetuning of light direction. The lamp can also collapse into a stick when not in use. The LED module and improved optics provide bright lighting with minimal harsh shadows. Brightness level can be adjusted and the light can be turned on/off using a touchstrip dimmer on the lamp head. This lamp is environmentally friendly, with its low power consumption, fully recyclable aluminum construction, and use of water-based paint. Choose from a standard table base, a power base (has USB and AC outlets), or various options for mounting onto a table to save space. Notes: The 5000K color temperature is only available for Matte Black, Matte White and Silver lamps. The Power Base option is only available for Silver lamps.
