## Z-Bar Solo Gen 4 Wall Light

By Koncept Lighting

### Description

The Z-Bar Solo Gen 4 Wall Light is defined by its sleek, minimalist silhouette, the perfect addition to a contemporary office or other work area. Its simple, flexible two-bar design is improved in Gen 4, with hidden joints for a cleaner profile and greater articulation. The arm has a wide range of motion, and the head rotates 360 degrees and spins 360 degrees for precisely aiming the light. The lamp can also collapse into a stick when not in use. The LED module and improved optics provide bright lighting with minimal harsh shadows. Brightness level can be adjusted and the light can be turned on/off using a touchstrip dimmer on the lamp head. This lamp is environmentally friendly, with its low power consumption, fully recyclable aluminum construction, and use of water-based paint. Choose from three mount options: hardwired wall mount, plug-in slotwall mount, or plug-in wall mount.

### Specifications
