Z-Bar Solo Pro Gen 4 Tunable White Plug-in Wall Light
By Koncept Lighting

Description

The Z-Bar Solo Pro Gen 4 Wall Light is defined by its sleek, minimalist silhouette, the perfect addition to a contemporary office or other work area. Its simple, flexible two-bar design is improved in Gen 4, with hidden joints for a cleaner profile and greater articulation. The arm has a wide range of motion, and the head rotates 360 degrees and spins 360 degrees for precisely aiming the light. The lamp can also collapse into a stick when not in use. The LED module and improved optics provide bright lighting with minimal harsh shadows. Touch controls on the lamp head are used to turn the light on/off and adjust brightness (continuous dimming) and color temperature (tunable 2700K-5000K). Phones and other devices can be charged using the 1.5A USB-C port near the base. An occupancy sensor shuts the lamp off after 15 minutes of inactivity. Additional eco-friendly features are low power consumption, fully recyclable aluminum construction, and use of water-based paint.
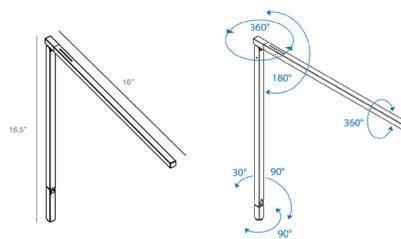

Specifications

COLOR	N/A
BODY FINISH	Silver
WATTAGE	10.1W
DIMMER	Included
DIMENSIONS	16.5"H x 16"D
INTEGRATED LED MODULE	1 x LED/10.1W/120V LED
