Focaccia Tunable White Floor Lamp By Koncept Lighting

Description

Tall and minimal, the Focaccia Floor Lamp is perfect for any contemporary space needing an ultra-sleek, energy-efficient lighting solution. The square head casts a diffused LED light, providing concentrated task lighting with minimal harsh shadows, while its slim articulating body and swiveling head offer ultimate flexibility in aiming the light. Touch controls on the lamp head are used for power on/off, full-range dimming, and color temperature adjustment (tunable 2700K-5000K). Phones and other devices can be charged using the 1.5A USB-C port on the stem. An occupancy sensor shuts the lamp off after 15 minutes of inactivity. Additional eco-friendly features are low power consumption, fully recyclable aluminum construction, and use of water-based paint.

Specifications
