Sculptural Object By Ferm Living

Description

Whether used as a paperweight in a home office or simply as a piece of decorative art, the Sculptural Object will add an element of natural beauty to any space. Originally sculpted by hand before being cast in solid brass or stainless steel, the object possesses a softly curving, organic form reminiscent of a smooth stone or unfurling leaf. This delicate touch creates a beautiful contrast to the rigidity of the metal material.

Shown in brass
