Balad Portable Bamboo Table Lamp By Fermob

Description

The Bamboo Table Lamp will enrich our lighting offer with a new material: bamboo. Bamboo is a type of wood very suitable for the outdoor world. It is a wood resistant to humidity and temperature variations. Bamboo is a responsible choice of material. It grows extremely fast. Therefore, it is a good alternative to other exotic woods which take years to reproduce. A wireless lantern lamp that is quick and easy to recharge with the included USB-C cable. Features temperatures (warm white 2300K, neutral white 4000K and cool white 6000K). Small has 4 mode light intensities (neutral white 100%, neutral white 50%, cool white 100%, and candle flicker). Large has an additional mode light intensity (cool white 50%). Its autonomy makes it ideal for long evenings (small: 7-14 hours; large: 9-16 hours). Controlled by switch on front. Optional lamp stand sold separately.
