Mooon Portable Table Lamp

By Fermob

Description

The Mooon Portable Table Lamp is whimsical, modern rendering of the 19th century Parisian street lamp. The simple aluminum lamp frame is functional while also highlighting the almost celestial glow of the light itself. The Mooon! Lamp features two light temperature settings (warm white 4000K and cool white 6000K) and a dimming function that allows you to gradually turn the lamp on and off. Its autonomy makes it ideal for long evenings (10 hours). Controlled by switch on front. The lamp can be recharged with the included USB-C cable.

Specifications
