Luxembourg Aluminum Armchair Set of 2

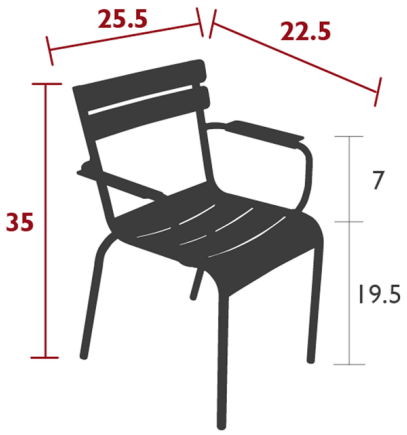

By Fermob

Description

In 2004, Fermob asked Frederic Sofia to reinterpret the legendary armchairs of the Jardin du Luxembourg, created in 1923 in the Paris parks department workshops, and which Fermob still manufactures today for the city's public gardens. The result was the Luxembourg Armchair with distinctive lines and forms, combining the lightness and resistance of aluminum, the comfort of curved seat slats and the practicality of a stackable frame. Set of 2. Stackable up to 8 chairs.
