Gustave Residential Portable Table Lamp

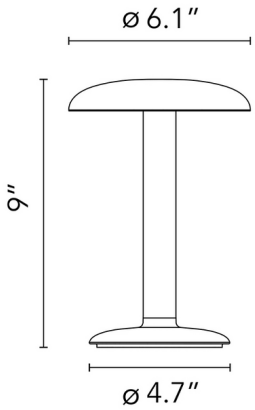

By FLOS

Description

Experience unparalleled flexibility in lighting with the Flos Gustave Residential Portable Table Lamp, a versatile fixture specially designed for indoor or outdoor tabletop applications and a myriad of supplementary lighting uses. Its sleek, compact design artfully conceals innovative optical and light technology, delivering high-quality illumination in a remarkably portable form. A convenient touch button discreetly located underneath the shade provides effortless control for both on/off functions and continuous 0-100% dimming, allowing you to fine-tune the ambiance to perfection.The Gustave is powered by two included rechargeable lithium-ion batteries, offering exceptional cordless freedom. Charging is simple via the included USB-A to USB-C cable (please note, an AC adapter for the USB cable is not included); simply plug it into the lamp while the lamp is off. A full charge provides impressive battery life: 6 hours at 100% brightness, 10 hours at 50%, or a generous 18 hours at 25% brightness, with a full charge taking approximately 5-6 hours. This lamp is an ideal solution for adding a stylish and convenient glow to any space, indoors or out, making impromptu lighting a breeze.
