Tidal Ceiling Light

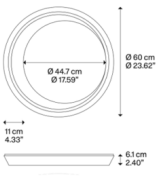

By LODES

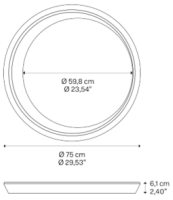

Description

The Tidal Ceiling Light features a ring-shaped silhouette with one side slightly wider than the other. This irregularity causes the fixture to appear differently as it is viewed from different angles, creating a sense of movement reminiscent of the tides or planets in orbit. Tidal directs light both upwards and downwards for an ethereal, floating appearance. The fixture attaches to a standard US junction box at the wider end of the ring, with all technical components hidden inside, for a clean appearance with no canopy required. ELV/TRIAC dimmable at 120V; 0-10V dimmable at 277V.

Shown in matte champagne

Specifications

COLOR	N/A
BODY FINISH	Matte Champagne
WATTAGE	38W
DIMMER	Low Voltage Electronic
DIMENSIONS	23.62"W x 2.4"H
INTEGRATED LED MODULE	1 x LED/38W/120-277V LED

Technical Information

COLOR RENDERING	90 CRI
LAMP COLOR	3000K
LUMENS/WATT	180.53
LUMINOUS FLUX	6860 lumens
