NomNom Pendant

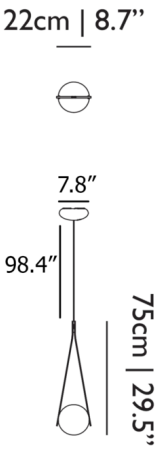

By Moooi

Description

The minimal form of the NomNom Pendant is inspired by the image of two chopsticks picking up a morsel of food. An opal glass globe nestled between the angled aluminum frame holds an integrated LED to cast diffused light in all directions. While elegant on its own, NomNom can also make a striking statement when clustered or arranged in a row of multiple pendants.Note: The NomNom Pendant is only dimmable using the Moooi Wireless Wall Dimmer Switch, sold separately.

Shown in blossom / opal
