Obon Rectangular Table

By Moooi

Description

The Obon Table celebrates the timeless quality of terracotta ceramics with a contemporary twist. Terracotta has been used as a material since ancient times, as shown by its ubiquitous presence at archaeological sites around the world. It remains popular to this day thanks to its warm earthiness and subtle irregularities. Obon brings this material to the present day with a minimal, modern silhouette. A cylindrical base and glazed tabletop with gently rounded corners give the piece a playful, organic expression.
