Abaco Tall Coffee Table

By Pianca

Description

The simplicity of its design conceals interesting and well-gauged geometric and constructive choices that explore and exploit the theme of the circle and symmetry in the Abaco Tall Coffee Table. The base is composed of three slender metal legs, connected by a spoked structure that also supports the top, which can be raised for use as a handy tray, separated from the structure by a simple gesture. The combinations of finishes for the top and base can be playful or elegant, just as the combinations of multiple tables from the Abaco series can be varied and original.

Shown in matte white lacquer
