Laurie Armchair

By Pianca

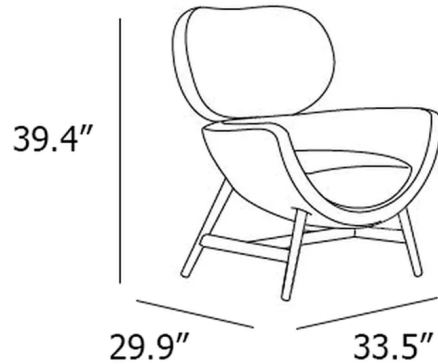

Description

Its distinctive shape consists of a lower shell and a large, curved, backrest attached using a simple mechanism borrowed from the automobile industry is the Laurie Armchair. Its cosy, almost motherly volumes invite you to sit down and relax. The base offers an informal and agile support to the frame with its four, slanting legs that are more reminiscent of a chair than of an armchair, making Laurie extremely versatile and adapting it to any room, from the reception room to the bedroom.
