Solo Pendant By WAC Lighting

Description

The dynamic, flowing form of the Solo Pendant creates a striking display of light that will attract attention in any space. The sinuous acrylic diffuser houses an LED light source that distributes light in all directions. Sleek electrified cable eliminates the need for an unsightly power cord, and the cable length can be easily adjusted via push pin connectors on the canopy. Universal input LED driver included within canopy. TRIAC and ELV dimming.

Shown in black / opal

Specifications
