## Solitaire Pendant

By WAC Lighting

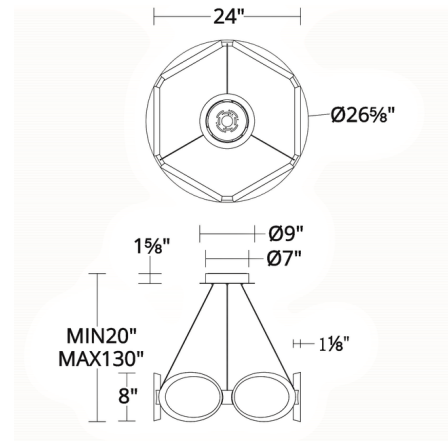

### Description

The Solitaire Pendant is composed of six oval rings that have been joined together for an elegant, modern aesthetic. The interior of each ring is lined with a silicone diffuser housing an integrated LED light source, casting ambient lighting in all directions. Sleek electrified cable eliminates the need for an unsightly power cord, and the cable length can be easily adjusted via push pin connectors on the canopy. Universal input LED driver included within canopy. TRIAC, ELV and 0-10V dimming.

Shown in aged brass

### Specifications
