Strum Pendant

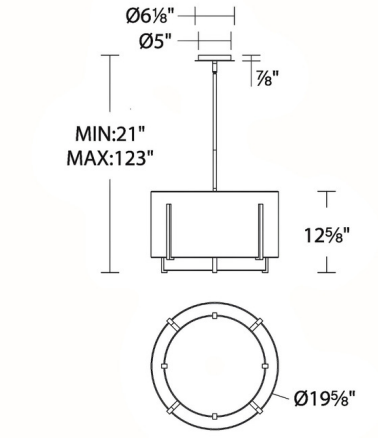

By WAC Lighting

Description

The Strum Pendant features a two-tiered fabric drum shade for a refined, clean-lined aesthetic. The shade is supported by black aluminum brackets placed on the outside of the shade to add a contrasting visual element. The bottom of the pendant is covered by a polycarbonate diffuser to gently disperse light and reduce glare from the integrated LED light source. Dimmable 100% to 5% with ELV dimmers.

Shown in black / off white
