Aether Atomic 1 inch Square Trimless Downlight By WAC Lighting

Description

The Aether Atomic 1IN Square Trimless Downlight delivers surprisingly robust illumination from its small, unobtrusive aperture. In addition to its diminutive size, the Aether Atomic trim is designed to work with the shallow Aether Atomic 11N Housing, making recessed downlighting possible even in tight spaces. The trim includes three field-changeable, high efficiency reflectors (26, 36, and 55 degrees) to suit a variety of uses. Note: A complete fixture requires a trim, remote power supply and the Aether Atomic 1IN Square Remodel Housing, sold separately. Delivered lumen output will vary based on the beam angle of the reflector and the color temperature of the housing (see Manufacturer Specification Sheet for full details).

Specifications

REFLECTOR/BAFFLE COLOR
BODY FINISH
WATTAGE
DIMMER Low Voltage Electronic
DIMENSIONS
INTECDATED LED MODILLE

Technical Information
