Loophole Bathroom Vanity Light

By WAC Lighting

Description

The Loophole Bathroom Vanity Light features a slim, linear strip twisted to form a loop in the middle. This design is possible thanks to its integrated LED strip, which has been placed behind a white silicone diffuser. Loophole's unique aesthetic makes it a great addition to a bathroom country in need of a modern update. Dimmable with ELV (100% to 5%) and TRIAC (100% to 10%) dimmers. Includes cover plate to fit standard 4 inch junction box. May be mounted vertically or horizontally. Note: Fixture will be preset at selected color temperature but can be toggled between 2700K, 3000K, or 3500K prior to installation via a CCT-select switch in the canopy.

Specifications

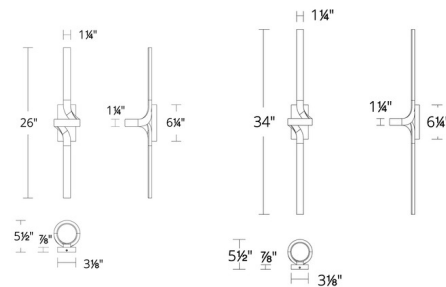

COLOR White
BODY FINISH Black
