Revels Outdoor Wall Light By WAC Lighting

Description

The Revels Outdoor Wall Light features a sleek, minimalist design balanced with geometric precision. Light from the integrated LED is directed to the sides of the fixture through polycarbonate diffusers, which creates a striking contrast with Revels' black finish. The simple rectangular silhouette gives the fixture a distinctly modern expression. May be mounted horizontally or vertically. Dimmable 100% to 10% with ELV dimmers. Note: Fixture will be preset at selected color temperature but can be toggled between 3000K, 3500K, or 4000K prior to installation via a CCT-select switch in the canopy.
