Vaia Outdoor Wall Sconce

By WAC Lighting

Description

The Vaia Outdoor Wall Sconce will make a versatile addition to any outdoor space in need of additional lighting. The sconce is composed of two independently rotatable segments allowing it to cast light in multiple directions. The opal glass diffusers also allow light to escape both upwards and downwards to provide soft, ambient lighting. Must be mounted vertically. Dimmable 100% to 5% with ELV or TRIAC dimming. Note: Fixture will be preset at selected color temperature but can be toggled between 3000K, 3500K, or 4000K prior to installation via a CCT-select switch in the canopy.

Specifications
