Glacier Linear Pendant
By Z-Lite

Description

Build an artistic version of frosty ice with the Glacier Linear Pendant beautifully balancing delicacy with rugged industrial personality. The Glacier island light offers a decadent look of individual textured glass panels that emulate melting ice, an extraordinary effect with dramatic impact in a kitchen or bar space. The finished steel creates a bold frame and canopy, adding a contrast in both style and finish, embellishing the optical delight accomplished when the fixture is illuminated.

Shown in matte black / clear
