# Glacier Ceiling Light

By Z-Lite

## Description

Centered in a decadent custom space, the tasteful Glacier Ceiling Light becomes a point of interest in a modern or transitional setting. The Glacier round flush mount ceiling light offers a decadent look of individual clear textured glass panels that emulate melting ice, an extraordinary effect with dramatic impact in a kitchen or bar area. Finished steel is texturized and placed as a crown frame, adding a contrast in both style and finish and embellishing the gallery feel of a kitchen or entryway.
