Easton Wall Sconce

By Z-Lite

Description

A compelling aesthetic blends old and new with a light fixture that changes up the attitude in a modern or transitional space is the Easton Wall Sconce. The Easton metal three-light wall sconce creates a mixed motif with candelabra bulb mounts set in a graduated arrangement, centered in full view thanks to a dual-layered openwork metal frame. A bold version of minimalism reflects with a sought-after effect, accomplishing its objective with an extraordinary blend of finish and minimalist construction.
