Since Swivel Chair with Castors

By Bent Hansen

Description

The Since Swivel Chair with Castors is designed to fit in, no matter the context. Like a chameleon, the chair can adapt to its surroundings, thanks to the selection of bases and upholstery. Whether you place the chair around the private dining table, the conference table or by your desk, the chair can be customized to fit your needs. The shape of the seat wraps itself around your body without seeming claustrophobic, while the base features a swivel and tilt function. Choose from a black or polished aluminum base and cognac or black leather seat.
