Luce Orizzontale Linear Pendant By FLOS

Description

A perfect blend of poetry and function, the Luce Orizzontale Linear Pendant displays remarkable craftsmanship in its sculptural form. The minimal yet striking modular structure is made of cast glass cylinders created by pouring glass into a mold, and each piece bears unique markings formed during the casting process that give it an artisanal quality. LED light shines out through the glass, producing an intriguing effect of light reflection. Available in three lengths: 65.2 inches (model S1), 81.5 inches (S2), and 98 inches (S3).
 Note: Requires a junction box rated for fixtures weighing over 50 pounds.
